Project proposal/description:

**Joint Project 1: New Curriculum Development for the Discipline
“Management of Tourism”**

5 leading Universities in the country involved in the preparation of specialists on specialization on Management of Tourism. Universities have faculties, books, material and technical base. However Universities do not cooperate to improve the quality of teaching and development new curriculum for the discipline “Management of Tourism”. In addition, Universities have not connection with tourism business entities. The reasons of this situation are:

- Universities do not experience;
- There is no coordination Center;
- There is no sufficient recourses.

Development Tourism Center on base tourism management department at the University will help to solve these issues. Established Tourism Center in framework of TEMPUS Program can be as coordination center between partners Universities.

The main results of project realization should be:

- Center for Tourism Development establishment;
- Education quality enhance and approaching to European standards;
- New educational technologies introduction and development;
- Partnership system establishment;

- New Curriculum development;
- Statistics Data on Tourism prepared
